Race Star 63 Pro-Forged Bead-liner

The all new Race Star 63 Pro-Forged Bead-liner is a game changer. Over two years in development and designed to work with the power of a Pro-Mod.

- This wheel comes with SFI-15.3 certification
- All the benefits of a liner and bead-lock wheel combined in one application.
- Designed to eliminate any tire movement you might have experienced in the past with a conventional liner wheel.
- Loss of air from the inner tire into the outer tire is no longer a problem.
- This wheel comes in 16"x18" w/ 5" & 6" backspace.
- Available in polished and matte black & machined finishes.
- You will definitely notice the better stability of the car down low and at the top end of the race track.
- Patent pending

NEW! 72 Val-Star Forged Bracket Racer Series

At Race Star we wanted to design an affordable forged wheel for the weekend racer. This new wheel comes in all T-6 aluminum 1-pc. configuration finished in a bright gloss black finish. Designed after the new C-8 and CTS-V wheels recently released. This late model design has the offsets and backspacing to fit all of your older muscle car fitments and dragster. Available in 15"x 8" 15"x 10" 15"x 12" 15"x 14" 16"x 16" rears and 15"x 3.75, 17"x 2.25" and 17"x 4.5" fronts.

- Available in Non-Beadlock, Single-Beadlock and Double Beadlock rear wheel fitments.
- Wheels will accept up to a 5/8" mounting stud.
- All wheels T-6 aluminum, 1 pc. configuration.
- All Non-Beadlock and Single Beadlock wheels come with Race Grip in the bead seat.
- All Single Bead-lock and Double bead-lock wheels come with a gloss black mounting ring with machined accents w/ chrome plated steel beadlock bolts and hardware for mounting.
- * Refer to SFI and NHRA Rules and designations for definitions of Sportsman Class Specifics

Product Warranties

Lifetime Structural Integrity Warranty -

Revision: 6 1 2009

Race Star Industries warrants that all wheels carrying the Race Star Industries name are free of structural, manufacturing or material defects, resulting in a structural failure, such as cracking or air loss, if used under normal and intended use of this warranty.

Concentricity Warranty

Race Star Industries warrants that all wheels are true within .028 radial and lateral run out. Warranty claims for lack of concentricity or out of round is limited to the first ninety days of ownership. Check wheels for out-of-round before mounting tires on the wheels, and/or within 90 days of purchase.

Normal and Intended Use:

Race Star Industries wheels are engineered and intended for Normal Street and Drag Racing use as specified. The Race Star Industries sizes 15x3.75, 15x5, 15x12, 15x14, 17x4.5, and 18x5 are intended for drag racing only and not intended for street use, except the 34 Rattler. Factory Warranty will become VOID if used on any type of Sports Racing, Road Race, Solo or 4-Wheel Drive.

VISIT THE WEBSITE!

Finish Warranty

Polished Finish: Polished wheels do not have a protected finish and will tarnish. Therefore they are not covered by any finish warranty either expressed or implied. Once mounted, the dealer or consumer accepts the finish of the wheel as is and there is no further finish warranty. The Black Chrome/Dark Star PVD finish is a 4-coat paint process. When ordering these wheels 2 at a time, a finish/hue variance may be more noticeable due to different paint dye lots. High Power Pressure Washers can cause delamination of finish on Painted Wheels. Therefore there is no warranty on finish damage due to the use of power washing on ALL Painted wheels.

Exclusions & Limitations:

All warranties are extended to the initial retail purchaser only and are not transferable. Proof of purchase is required in every case. If initial purchaser provides proof of purchase and deemed a warranty wheel by Race Star Industries then Race Star Industries will provide a replacement wheel at no cost to purchaser. Refunds will be at the sole discretion of Race Star Industries.

Exclusions from warranty coverage include damage or degradation caused by accident, abuse, fire, overload, modification, physical impact or exposure to harsh chemical agents. The replacement wheel may be a new or otherwise improved part. As such, it is not the responsibility of Race Star Industries to match the remaining vehicle wheels to the new part.

This is a Limited Warranty. Therefore no warranties or representations expressed or implied, including and implied warranty of merchantability for fitness for particular purpose, which extends beyond the descriptions and limitations of the face hereof and none shall be implied by law. Race Star Industries neither assumes nor authorizes any dealer, Representative, or other person or entity to assume for it any obligation or liability in connection with Race Star Industries products, uses, or applications. Race Star Industries further reserves the right to make changes or improvements in design, materials, or specifications or make replacement products without incurring and obligations to replace, change or improve products manufactured prior hereto. Race Star Industries will not be responsible for any damage or loss caused by delays, failure, or any consequential damage, regardless of cause. Race Star Industries will not be responsible for labor, transportation, or any other charges incurred in the replacement or repair of a defective part. This warranty does not limit your rights which may be available under individual State Laws.

The Warranty is Void if:

The wheel is damaged in shipping, installer error, misuse, accident or negligence, or has been repaired or altered by anyone other than Race Star Industries. If the wheel was overloaded or used in an application other than its specified use. If you mount tires on wheels prior to test fitting wheels on cars, you own the wheels. Returns require prior written authorization with a RA number.

For further information, call 816-903-3600.
